TO WHOM IT MAY CONCERN:

**RE: P.I.N.K. – Protection, Investment and the Need for Knowledge
Financial Planning for Women**

It is my pleasure to provide a reference for Leony DeGraaf and her presentation of the P.I.N.K. Information Series. I recently attended all four sessions and found them extremely worthwhile.

Leony's passion to empower women with financial information and tools for their well-being is evident. She educates in a way that is relatable, interesting and pertinent.

I am grateful to our Wellness Committee for making this opportunity available to us and would strongly encourage anyone who has the chance to offer this program to do so – you will be doing your staff a great service!

Sincerely,

Patti L. Pawlak
